

Preparing For Divorce - Part 2

01

PROCESSES

Step 1

Learn about the **different divorce processes**, such as mediation, collaborative practice; and do-it-yourself divorce.

02

FINANCE

Step 2

Financial security is important, especially if you are 50 or over. Pick a **divorce process that fits your budget** and learn about **how many attorneys it takes to get a divorce** - for couples who only need legal guidance, sharing one attorney is an option - and a far less expensive option.

03

COVID

Step 3

Understand how **Covid will impact your divorce process** and **apply lessons from Covid to your divorce** - many of the things we are doing to survive this pandemic are analogous to divorce, or even provide lessons for navigating a divorce or post-divorce issue.

04

FREE ADVICE

Step 4

Talk to experts in law, some of whom offer a **free consultation**. Obtain different viewpoints about how each divorce process suits your needs and fits your budget.
